

ENVIRONMENT SETUP

SendGrid Account Creation

Team ID	PNT2022TMID49824
Project Name	News Tracker Application

Mohideen Kamal S

The screenshot shows the Twilio SendGrid account setup page. The browser tabs include IBM Cloud, WhatsApp, Gmail, and SendGrid. The URL is app.sendgrid.com/guide. A review banner at the top states: "Review. Your account is under review and we'd like to know a little more about you and how you intend to use Twilio SendGrid. [Contact Us](#)".

The main content area is titled "Welcome, Mohideen!" and includes the instruction: "To get up and running quickly, please follow the steps outlined below." Below this is a blue banner that says "Send your first emails with Twilio SendGrid".

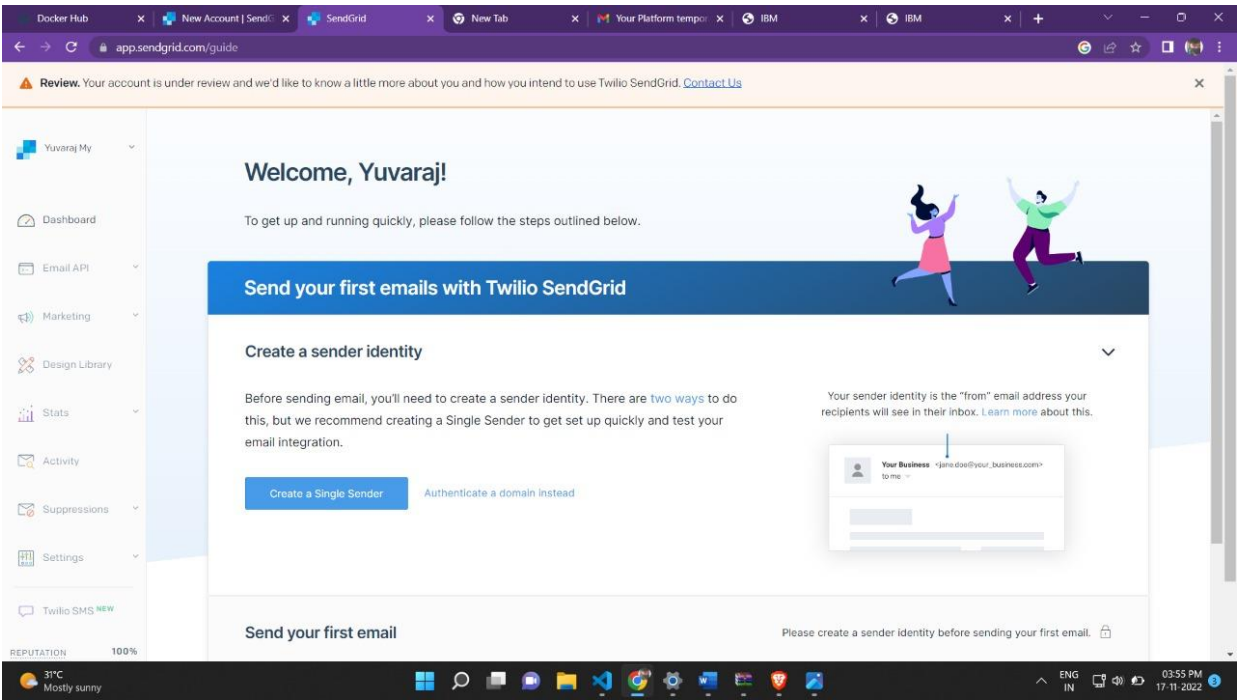

The "Create a sender identity" section explains that a sender identity is the "from" email address. It offers two ways to create one: "Create a Single Sender" (highlighted in blue) and "Authenticate a domain instead". A diagram shows an email header with "Your Business" as the sender and "jane.doe@your_business.com" as the email address.

The "Send your first email" section at the bottom has a lock icon and the message: "Please create a sender identity before sending your first email."

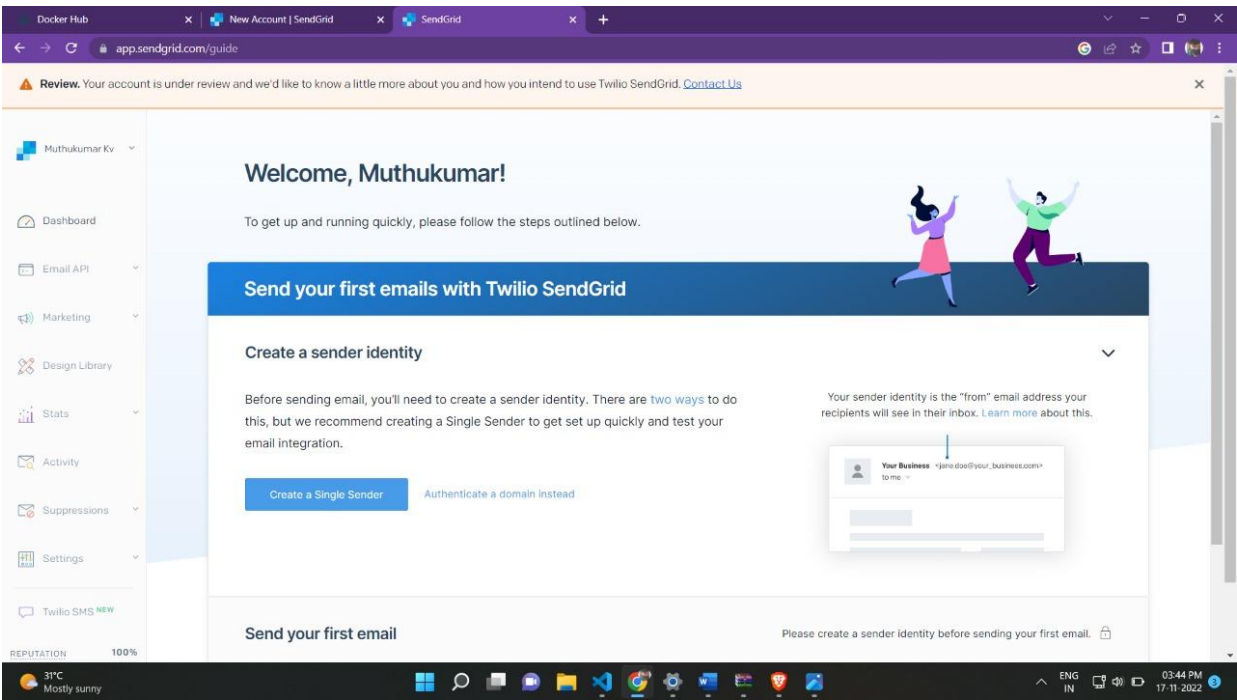

The left sidebar contains navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, Settings, and Twilio SMS (marked as NEW). At the bottom left, the "REPUTATION" is shown as 100%.

The Windows taskbar at the bottom shows the date and time as 12:12 PM on 17-11-2022, along with system icons for language (ENG/IN), volume, and network.
